

HBS-3000T Touch Screen Universal Steel hardmeter

1. Application

This series equipment are mainly for the hardness testing of Ferrous metals, non-ferrous metals, glass, ceramics or other materials.

HBS-3000T Touch Screen Universal Steel hardmeter

2. Technical Parameters

Machine model	HBS-3000T
Measuring range	5-650HBW
Test force	294.2N(30kgf),306.5N(31.25kgf),62.5kgf(612.9N) 100kgf(980.7N),125kgf(1226N),187.5kgf(1839N) 250kgf(2452N),500kgf(4903N),750kgf(7355N) 1000kgf(9807N),1500kgf(14710N),2000kgf(19613.3N), 2500kgf(24516.6N),3000kgf(29420N),
Turret way	Manual Turret
Loading method	Electronic Loading
Specimen allowable max. height	230mm
Indenter center to machine wall distance	165mm
Hardness value resolution	0.1
Touch screen size	8 inch
Dimensions	700*268*842mm
